Best sincere Regards

Puricelli srl

## PURICOMPACT EXTERIOR

### 10 YEAR WARRANTY

The manufacturer of the above mentioned products, Puricelli Srl, offers a 10 YEAR warranty on the delivered products ex-factory under the following circumstances.

The warranty requires the transmission of the following data and the compliance with installation instructions as per attached User Manual Puricelli Puricompact (Edition 2016) for Puricompact exterior panels in the versions STAR1, STAR2 and SUPER, according to the provisions in force applicable at the time of delivery.

The warranty covers the technical characteristics of the product as well as the color stability according to data sheets published at the time of production. In case of dispute, the requirements for the products according to EN438-6 come into consideration.

Consequential damages, disassembly- and assembly costs are strictly excluded from the warranty.

In the light of the foregoing and as per genuine acceptance of sales and delivery conditions, Puricelli guarantees the following characteristics of Puricompact STAR1 and STAR2 for a period of 10 years:

- Resistance to Uv rays
- Mechanical properties in accordance with the Norms EN 438-6/2016
- Resistance to shock and rifts for a normal use in accordance to the Norms EN 438-6/2016
- Homogenous and not porous surface
- Homogeneity of the colours on the installed panels

Concerning the version SUPER as per genuine acceptance of sales and delivery conditions, Puricelli guarantees the following characteristics on Puricompact panels as far as the SUPER Line is concerned for a period of 10 years:

- Mechanical properties in accordance with the Norms EN 438-6/2016
- Resistance to shock and rifts for a normal use in accordance to the Norms EN 438-6/2016
- Homogenous and not porous surface
